PROBLEM

1. Centralized marketplaces are the only secure way to trade NFTs

SOLUTION

1. Decentralized P2P Trustless Trading Platform

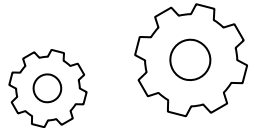

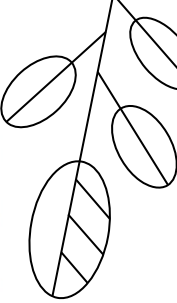

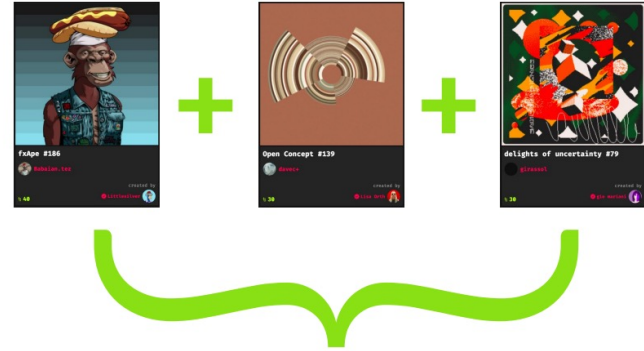

PROBLEM

1. Centralized marketplaces are the only secure way to trade NFTs
2. Need to sell NFTs to buy more NFTs

SOLUTION

1. Decentralized P2P Trustless Trading Platform
2. Trade NFTs for NFTs

OUR COMPANY

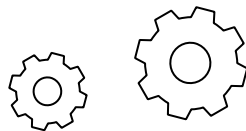

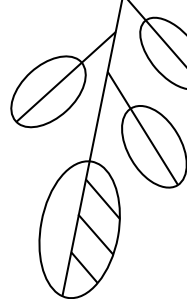

Tezcrow provides *Trust-as-a-Service* by default

- **What?** – **Peer to Peer** NFT trading
- **How?** – Decentralized **escrow** trading
- **Why?** – To give ownership back to the **OWNER**.

Taking us one step closer to a **truly decentralized Web3** enabled ecosystem

See for yourself!
